

## Skype Consultations

Some of your pre- and post-operative appointments will be via Skype.

All psychologist appointments are organised by Weight Management Psychology. They are based in Brisbane so these appointments will be via Skype. Please ensure you have returned your Psychology Client form to our rooms prior to your appointment.

If you have been advised in your **admission letter** that any of your other appointments are via Skype, please use the links below and follow the instructions to connect with each practitioner. If you do not already have a Skype account, it will prompt you to create one. Once Skype has launched, make sure you click **ACCEPT** to make the connection with the practitioner and then send a **WAVE**. Please ensure you do this well in advance of your appointment and notify our rooms **immediately** if you have any issues. You will have to do this for your first appointment with each practitioner. The practitioner will then video call you on Skype at your appointment time. Please allow time in case your appointment is delayed, as the practitioner may be running late.

Physician VOSC (Philip): <https://join.skype.com/invite/OHtFnGogOotg>

Dietitian VOSC (Daniella or Margaret): <https://join.skype.com/invite/iWRlfe9UBkhr>

Exercise VOSC (Kristie): <https://join.skype.com/invite/rRIF3FLOBY1Q>

If you have any questions please call our rooms on 03 9450 6800.
